Sam Zafar ReactJS Developer / Front End Developer at Genius Fixers LLC As a Front-end Developer, I bring a strong experience in JavaScript technologies, specializing in crafting dynamic and visually appealing web pages using React JS ,Next.js and Redux. Proficient in HTML5, CSS3, and adept at leveraging frameworks such as Bootstrap and React Tailwind, I ensure the creation of high-quality and responsive websites. In addition to my technical skills, I bring strong interpersonal skills, thrive in collaborative environments, and have a continuous eagerness to learn and acquire new skills. My strong interpersonal skills make me an asset in collaborative settings, and my continuous eagerness to learn positions me as a developer committed to staying at the forefront of evolving technologies.
